Are you a PAT state office?

What category are you applying for?

(Combatting Maternal and Infant Mortality, Family Leadership Development, Workforce Development, Program Quality Improvement, Marketing/Communication Support, and DEIA. )

What funding level are you applying for?

What is the main goal or objective of the proposed project and what need do you hope to address?

Explain the methods used to determine the need for this project. Describe how you addressed the needs of the community during your process.

Provide a brief summary of the project's significance and potential impact.

What specific activities or tasks will be undertaken as part of the project? Include a timeline.  
*Funds will be awarded in January of 2024 and a final report will be due to Parents as Teachers by January 15, 2025*

How will the success of the project be measured and evaluated?

What are your plans for sustainability of funded project?

If you have created an optional video about the proposed project, put the link here.

I agree to submit a report about the funded project to Parents as Teachers by January 15, 2025.

I have uploaded the required number of Letters of Support to our company record in the PAT Portal.

Provide a budget narrative of how the funds will be allocated to different project components.

- Funding amount for professional development or training
- Funding amount for materials and supplies
- Funding amount for staff stipends
- Funding amount for travel costs
- Funding amount for publication costs
- Other costs
