2023-2024 APR Infographic SUMMARY

VISION: All children will learn, grow and develop to realize their full potential.

Parents as Teachers is an evidence-based parent education and family engagement model serving families throughout pregnancy until their child enters kindergarten. Families receive personal visits from certified parent educators; group meetings; health and developmental screenings; and linkages with community resources. The model has seven goals: increase parent knowledge of early childhood development and improve parenting practices; provide early detection of developmental delays and connection to services; improve parent, child, and family health and well-being; prevent child abuse and neglect; increase children's school readiness and success; improve family economic well-being; and strengthen community capacity and connectedness. The model is flexible to meet the needs and interests of diverse families, cultures and circumstances.

EXITING FAMILIES			WAITLIST AND ATTRITION	
♦ Total number of families who exited this program year	23,229		♦ Number of families waiting for services:	6,475
♦ Reasons for Exit			♦ Family attrition rate:	
♦ The enrolled child(ren) aged out (or graduated)	6,911	30%	(including families who moved out of service area)*	21%
♦ The child and/or family transitioned to another early childhood or family support program (without aging out or graduating)	1,209	5%		
♦ The child and/or family moved out of the service area	2,819	12%	♦ Family attrition rate:	
♦ The family regularly missed scheduled personal visits	2,153	9%	(excluding families who moved out of service area)*	18%
♦ The family could not be located	2,851	12%		
♦ The family no longer wants to receive services	3,742	16%		
♦ The family left the program for other reasons	2,149	9%		
♦ The family left the program for unknown reasons	1,419	6%		

* Because moving out of the service area is not a reason for exit that can be controlled by a PAT service provider, the annual attrition rate has been calculated both ways (with families who exited due to moving included and excluded from the calculation). Also note that the attrition rates reported here are based on only one program year.
